Housemate Helper
OVO
Completion: 11/16/21
Revision 1: 11/2/21

Sprint 3 Plan

Sprint Goal:
Complete the chores and expenses parts of the application

Task Listing:
- User Story 1: As a housemate, I want to create new chores so that I can assign a housemate to do each chore.
    - Create chore input fields, store inputs (2 hours)
    - Display chores (1 hour)
- User Story 2: As a housemate, I want to be able to add expenses so that my other housemates know how much is being spent.
    - Create expenses input fields and store inputs (2 hours)
    - Display expenses (1 hour)
- User Story 3: As a housemate, I want to be able to split the expenses so that all the housemates can contribute to the costs of living in the house.
   - Split expense by number of people in the group (1 hour)

Team Roles:
- Matthew Atmadja: Product Owner, Developer
- Rishab Aida: Scrum Master, Developer
- Ashvini Bhupatiraju: Developer
- Vinay Prasad: Developer
- Sukhveer Karlcut: Developer
- Rishika Patel: Developer

Initial Tasks Assignments:
- Chores inputs and display
    - Ashvini, Matt
- Expenses input, display, split expenses
    - Rishika, Vinay, Suki, Rishab

Initial Burnup Chart:
