Housemate Helper
OVO
Completion: 11/2/21
Revision 1: 10/20/21

<center>Sprint 2 Plan</center>

Sprint Goal:
Complete the account creation and group creation/joining features of the application.

Task Listing:
- User story 1: As a housemate, I want to be able to create an account and login so that I can use the application as a whole.
  - Task 1: Establish application framework (1 hour)
  - Task 2: Create login page for user to create an account (1 hour)

- User story 2: As a housemate, I want to be able to create a house group so that my housemates can join.
  - Task 1: Establish database connection so the application can store all the house groups (2 hours)
  - Task 2: Establish password authentication for house groups (1 hour)

- User story 3: As a housemate, I want to be able to join a house so that I can coordinate and use the features of the app with the rest of my housemates.
  - Task 1: Create feature to join house group (1 hour)
  - Task 2: Establish database for house members for each house group (2 hours)
